Unicorn Poop Bark

Yummy, delicious White Chocolate Unicorn Poop Bark - Only 3 ingredients and the best part about it is how super, crazy easy it is to make!!!

AUTHOR: Jennifer Fishkind

GIRLS 5/12/24

Ingredients

- White chocolate wafers
- Food coloring
- Colored & star sprinkles

Instructions

1. Melt the chocolate according to the directions on the package
2. Evenly distribute the chocolate into three separate dishes
3. Add 1-2 drops of food coloring and stir. Add additional drops until you get your desired color
4. Pour each color chocolate on to waxed paper - you will want to pour them separately on the sheet in a triangle (2 of the colors next to each other and one above the other two) and then using a spatula, swirl the colors together - don't over swirl them or it will just turn into a dark mush of a color)
5. Sprinkle the sprinkles on top and let cool completely (you can stick in the refrigerator for a few minutes to help it set faster, but don't leave in there too long or it could affect the color)
6. Break up the bark into pieces and serve

- Run along with all your power and bring back a pretty flower.
- One, two, three, four we all adore a good luck clover.
- Now don't squirm, but you should find a worm.
- While you have it on your mind, go and see how many feathers you can find.
- Go to a tree and inspect the bark, look real close and bring an insect back to the park.
- While you're walking it would be good if you could find something that is made of wood.
- Something square could be found, but instead, bring back round.
- This is a lot of fun and before you're done, in your sack should be something black.
- Now don't get hurt but you need to find some dirt.
- When it's wet it looks like glass, but it's okay to bring back dry grass.
- Big or small, flat or round, look on the ground for some rocks to be found.
- If it's large or if it's tiny, it doesn't matter as long as it's shiny.
- The pile is thick but if you look real hard you will find a small stick.
- Exploring nature can be fun, bring back something that grows in the sun.
- Look above your head and see if you can find something red.
- By now you probably have a lot to carry, but you should still have room to bring back a berry.
- Look near the tree where the squirrels play and pick up a nut from their buffet.
- Let's see what you can find that starts with a "D".
- Without any stress, bring back something beginning with "S".
- Look at every angle for something that's shaped like a triangle.
- Sometimes an insect will lose its wing so bring one back if you can find such a thing.
- Look on a log and find a frog.
- Birds of plenty you will see, but a bird of red you might find in a tree.
- Now take a break and go find a lake.
- Look for a scene where you can find something green.
